

Service Resumption Report

Tracking government service delivery across 35 offices after the September 2025 Gen Z movement

Generated 2026-08-07 04:50 · hamroneta.online

This report tracks the state of public service delivery across federal, provincial, and local government offices that were affected by the September 2025 Gen Z movement. Services are categorised as **Running**, **Partial**, or **Not Resumed** based on direct office visits and document review.

Data source. Office visits and document review conducted by DRCN (Democracy Resource Center Nepal). The cut-off reflects the most recent monitoring round; the live tracker is updated as services come back online.

Key indicators

35	91%	9	111
